WELCOME TO

Red Lake Falls

A City for All Seasons

Red Lake Falls has a lot to offer for Spring and Summer fun.

Enjoy walking, rollerblading or bicycling on more than 11 miles of paved trails that meander through cliffs and bridge over two rivers that run through the countryside of our great city.

If you like to golf, come and enjoy a round or two on our beautiful 9-hole golf course. Oak Knolls Golf Course is a challenge you are sure to enjoy.

Cooling off in the water is always a favorite thing to do. Visit Voyageur's View Tubing and Campground where you can enjoy a relaxing ride on the river as the current floats you down stream. Family & friends can also cool off in the hot summer months at our public outdoor swimming pool.

Red Lake Falls has several parks nestled in the city. Children can swing and climb on the playground at Riverside Park. There is fun for the entire family to enjoy, including tennis courts, horseshoe pits, basketball courts and sand volleyball. Or you can grab your fishing pole and try your luck in the Clearwater River that flows through the park.

Sportsman's Park is where the avid marksman can shoot their rifle or bow for sport & fun. Here the Clearwater River and Red River come together which is commonly known as the Point. The Point has a cement boat landing. Whether you are launching your boat for fishing or your canoe for a ride, you are sure to enjoy all of nature along the winding river.

*Camping is available at both Riverside and Sportsman's Park.
(RV dump station is located at Riverside Park)*

If a park with history is what you seek, visit Old Crossing Treaty Park, located between Crookston and Red Lake Falls. This park has a boat landing, fishing, campground and outdoor restrooms. This historical site hosts a festival in the fall of each year. To discover more about this park, visit the www.redlakefalls.com and click on History.

Many of the spring and summer activities continue into the fall. Be sure to take in the sites along our scenic trails where you can witness the season changes and see evidence of wildlife.

The leaves fall, the snow appears, and the fun continues!

As our paved trails become covered with snow, they welcome skiers and snowmobilers to take in the winter air while enjoying the scenic view on the trails.

On the hills at J.A. Hughes Elementary school is where you can enjoy sledding with family and friends.

The fun doesn't stop there.....put on your skates and join us at Cardin Hunt ice arena where you can skate for leisure or for sport.
