

OAK HARBOR

Oak Harbor Golf Course is an 18-Hole Par-72 Championship Course that will provide golfers of all skill and ability levels with fair, enjoyable and exciting golf experiences. The vintage front nine, created in 1968, offers a true and natural layout. It is nestled along the Rainy River with scenic fairways carved into mature and wooded confines. The newly designed back nine is a Scottish link style with fairway and greenside bunkers, large ponds and quick greens. It also features a fairway bunker that is self proclaimed as the world's largest walleye attraction.

WARROAD ESTATES

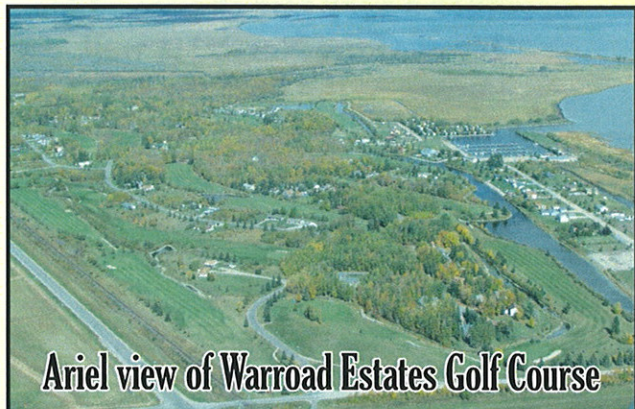

Warroad Estates Golf Course is an 18-Hole Championship Layout featuring four sets of tees to accommodate golfers of all abilities. The wooded, well-maintained Par-72 design offers plenty of both water and sand hazards to test the more serious player while still giving the beginner a very fair chance. This "Jewel of the North" is well known in the area for the playability of it's greens, but we won't say anymore, we'll let you be the judge.
